

2013 Generations United Annual Report

This report highlights our achievements in the past year, which could not have been possible without the support of our members, partners, board of directors, committees and funders.

This small but mighty cadre of people and organizations see a different world, one that engages the youngest and oldest members of our community and harnesses the energy when you bring those generations together. Their generosity has enabled Generations United to remain a vital force in connecting generations. Our small staff moved mountains this year -and provided the guidance and resources the intergenerational field needs to strengthen and grow.

Achievements:

- Developing, in partnership with The Generations Initiative, ***Out of Many, One: Uniting the Changing Faces of America***, our fourth annual signature report, which highlights ways to catalyze opportunities provided by the demographic changes.
- Hosting **Intergenerational Pathways for Strengthening Communities: Generations United's 17th International Conference**, which brought together over 300 experts from around the world to discuss and revitalize intergenerational practices and policies.
- Convening national leaders, caregivers and youth to discuss, coordinate and prioritize plans for grandfamilies.
- Presenting **Best Intergenerational Communities Awards** to four innovative communities for their intentional work to promote meaningful connections between generations and enabling people of all ages to be engaged in their communities.
- Honoring Donna Butts being named for the second year in a row to the **NonProfit Times Top 50 Power and Influence**.
- Participating in Pfizer GetOld, a partnership launched in New York City's Time Square in

June designed to encourage people to be the best they can at every age.

- Kicking off **Nebraska Early Childhood Grandparent Network**, a collective of grandparents raising their grand voices in support of quality early experiences for young Nebraskans.
- Meeting with the **Federal Reserve Board of Governors** to discuss aging issues and recommendations.
- Producing ***Grand Resources: A Grandparent's and Other Relative's Guide to Raising Children with Disabilities***, a free printable online resource that empowers caregivers with answers to frequently asked questions, tip sheets, checklists and other resources.
- Presenting at the **United Nations** during the **International Day of the Family Celebration**.

Together, we can build a world that values all generations.
